attracted

territory

universal

audible

volume

expression

creative

performance

concentrate

relieved

An animal's territory is an area of land that it sees as its home.

If you attract someone, you make that person want to come to you.

If you can hear something, it is audible.

If something is universal, everyone in the world knows or experiences it.

If you use expression when you speak, you use your voice, your face, or your body to add meaning to what you say.

When you change the volume on a tv or a radio, you change how loud or soft the sound is.

When you sing, dance, or act in front of an audience, you are giving a performance.

If you are creative, you use new or different ideas to make or do something.

If you are relieved, you feel happy because some kind of worry is gone.

When you concentrate, you put all of your attention on one thing.
